DECEMBER MEETING NOTICE

The meeting for the month of December will be held on **December 6th at 8:00 PM** and of course at the Massillon Senior Center. Doors open at 7:00 PM for that “eyeball” QSO!

This being the last month of the year means we must elect a new President, Vice President, Secretary, Treasurer and one new Trustee from among our members. Mike WA8MKH, has already said he will not run for office next year due to personal reasons. Eligible members will be determined by the Trustees. To be eligible, you must have 2 1/2 years membership and be at least 21 years of age, and hold a Technician or higher License Class. Usually the Officers are elected in the first ballot.

If you are eligible, you should consider becoming an Officer of MARC. What an honor and privilege it is to become an Officer of MARC, the largest and most active club in Stark County. In order to continue our work in the community we need good leaders. I’m sure all of you want to see the club continue it’s distinguished leadership and outstanding growth.

Be Sure to attend the December meeting and VOTE for your favorite candidate !

DECEMBER PROGRAM

Due to the election of new officers, we will not have a scheduled program. Don’t forget the January meeting will be the annual Awards Banquet. Again this month on the second floor of the Senior Center. Please see the President’s report on page 4 of this issue.

HAMFEST 2013 RE-CAP

According to our Main Prize Ticket (white) sales we had about 328 visitors through the doors this year. We were down a little in attendance from last year, perhaps around 50 or so people attending. But the real difference was in the Extra Prize Ticket sales. Out of 1,500 ticket printed there were at least 300 or more tickets left over.. This made a difference in our “bottom line” ! But we did make money; details at the December meeting.

DUES ARE DUE

With the coming of the new year means that the fiscal year for the club is ending and the new year is beginning so dues for the

Massillon Amateur Radio Club are now due. Cost per each member is \$ 15.00 for full membership. Cost for the XYL is just \$7.50 and each licensed child who wishes to be a member of the club. But don’t worry, you will have until the March meeting to pay. So be sure to see the Treasurer at the meeting to renew your membership ! Remember “ we don’t want to loose a single member “!

MARC MINUTES

November 1, 2013

The Massillon Amateur Radio Club monthly meeting was held at the Massillon Senior Center on Friday, November 1, 2013 with 35 members and guests in attendance.

Mike WA8MKH called the meeting to order at 7:58 p.m., followed by the Pledge of Allegiance and a round of introductions.

Don W8DEA, with a second by Jerry KC8BR, made a motion to accept the minutes as printed in November Feedback with the following amendment as specified by Mike WA8MKH: The 147.18 repeater shall be under PL control at all times, as voted during the October meeting. Motion Passed.

Gary WC8W gave the Treasurer's Report. Gene W8KXR, with a second by Patty KD8UXL, made a motion to accept the report as presented. Motion Passed.

Vice Presidents Report:

Terry N8ATZ reported the following:

- Club Correspondence – One newsletter each from Lake Erie A.R.A. and Dayton A.R.A.
 - Club members are invited to attend the ARES meeting in Columbus on November 9, 2013. The club is taking the EComm-1 trailer to put on display.
 - Volunteers are still needed for the upcoming Massillon Holiday Parade on November 23.
 - ARRL sweepstakes contest is this month. CW is starting on November 2 and SSB is starting on November 16.
- Review of plans for the upcoming W8NP Hamfest on November 3.

Committee Reports: *none*

Old Business:

Dan N8DZM & Lee KD8UEA completed repairs to the clubs copier, returning it to service.

Robert AC8GE thanked the club on behalf of the Ohio Swiss Festival for doing a fine job this year parking cars.

New Business:

Budget – Mike WA8MKH spoke for 27 minutes about the clubs financial direction. A 24 minute discussion followed.

Jerry KC8BR suggested a donation can be made for use at meetings and club functions to help generate additional revenue for the club. Gene W8KXR provided additional comments.

Mike WA8MKH announced that former member Carl Grey KC8JLX of Walnut Creek, Ohio donated his amateur radio station to the club. The items were on display at the meeting.

Wade WD8MIU is selling engraved wooden name badges with the club logo as a club fund raiser. A portion of the purchase price goes to the club.

Election of officers – The nomination period is open for officers, with the election of officers taking place at the December meeting.

Motions:

Dan N8DZM, with a second by Gene W8KXR, made a motion to change the 50/50 drawing back to its original purpose and to close the Expedition Fund and the New Radio Fund. Motion passed. (50/50 money will again be used to cover meeting refreshments only)

50/50: \$22 won by Julie (no call), daughter of Chris KD8TNF and Joann (no call).

Program: *none*

Meeting adjourned at 9:30pm with motion by Fred KD8SMO, second by Tony KD8UXK. Motion passed.

Respectfully submitted by Robert AC8GE

... FIELD DAY RESULTS ...

The ARRL has officially released the scores from this years Field Day exercise and as submitted the clubs final score was 3,572 points on 905 QSO's placing us 103rd in the US in Class 2A. A hearty congratulations to everyone involved in helping us achieve another great operating event. While our score slightly lower from the year before (by nearly 200 points), it was still a successful event and I know everyone had a great time. The Canton club again scored very well garnering 9,424 points on 2,240 QSO's. This placed them 9th in the US. Well done guy's.

Class 2A is a tough category to compete in. It always has the most entries with 440 this year. The Ohio Section also has the most participation with 130 scores submitted this year. We are in good company and we placed very well considering we are in the toughest category in the US !. It won't be long before we will begin planning for next years event, lets work together to make it another great club event !.

... HAMFEST REPORT ...

Our annual hamfest is over for another year and I'm happy to report that we had another successful club event. Table rentals were solid, attendance was strong and everyone I talked to continued to say what a nice hamfest we continue to sponsor each year. While I would have liked to have seen higher attendance, we have to realize we are a smaller size hamfest compared to other clubs. Table vendors reported decent sales which was good to hear. We even had some new parts vendors attend this year and they reported decent sales. I hope to invite them back next year.

Thanks to all the club volunteers, YL's and XYL's who also helped to make this year's event another success.

... HOLIDAY PARADE ...

The club just finished assisting with the 59th Annual Massillon Holiday Parade sponsored by Massillon Main Street and the Downtown Massillon Association. This continues to remain the oldest public service event that is handled by the club and our responsibilities have grown over recent years to include many aspects of parade operation. The parade was rebroadcast over Massillon Cable TV and I hope some of you had a chance to view it. The club trailer looked great on the route with our new decorations and special thanks to Jim Farriss - WA8GXM for pulling the trailer in the parade.

In the early years of the parade, we provided only communications support to the Massillon JC's organization who handled the staging of all the parade units. When they disbanded, the city struggled to find volunteers willing to take on this task. Since the MARC handled communications support, somehow we got nominated to take on this responsibility as well.

A few years later, Massillon Cable began filming the parade in conjunction with the Massillon High School Communications Department and again the club was called upon to assist with this part of the parade also. Last minute omissions or changes to the parade line up are passed on to the production crew so that the announcers can follow along with the parade units. We had experience with this as well as amateurs routinely handle staging activities including TV production control relay duties at the Hall of Fame Festival Community Parade. The Holiday Parade has depended on this ever since.

Over the past several years the parade has been sponsored by the Downtown Merchants Association with President Donald Harwig serving as Parade Chairman. During this time and before the club has always been there to make sure the parade is properly staged and starts on time down the parade route. We have become an integral part of the parade and I wonder if they could pull it off without us. (continued on page 7)

MARC President's Report December 2013

NOVEMBER MEETING

There were **35** club members and family in attendance at our November 1st meeting. Thank You Steve KD8ACF and Dan N8DZM for bringing in the coffee break items. Current and Future club income and expenditure data was presented by president Mike, WA8MKH, along with suggestions for improvements. Also mentioned is the large amount of donations by club members.

DONATIONS

Carl Gray, KC8JLX donated to our club: Yaesu FT-840 & FC-10 auto tuner, MFJ 50 ohm oil filled load, MFJ receive noise canceling unit, HF and VHF/UHF Power/SWR meters, earphones, Realistic 2 Meter Mobile transceiver, Astron 20A power supply, morse code practice oscillator/key, books, manuals, antenna, wire, MFJ extension pole, patch cables and antenna switch. Thank You Carl.

WE APPRECIATE AND WELCOME OUR NEW MEMBERS

Carl Gray, KC8JLX, Walnut Creek, Ohio
John Polakovic, N8WTX, Canton, Ohio

ELECTION OF OFFICERS IN DECEMBER

This is the time of the year that Officers and 1 Trustee are chosen to lead the Massillon Amateur Radio Club in 2014. Please do your part to help MARC move forward. More information is available at the December meeting.

Annual Dinner and Awards Banquet, Jan 11, 2014 at 6 PM, doors open at 5 PM

Time to make your reservations for the Annual Banquet held on the second floor of our monthly meeting place, Sr. Center in Massillon, Ohio. Menu is Swiss Steak, Ham, BBQ meat balls, Salad w/Italian dressing, Mashed Potatoes, Stuffing, Gravy, Green beans, Corn, Cranberry Salad, Rolls, Punch, and Coffee. \$10.00 per person. Children under 12, \$5.00. **Members are requested to bring a covered dish dessert.** Please let Gary WC8W know at the December meeting or email Gary at wc8w@sssnet.com by December 20, 2013. We are trying to get this number as close as possible to prepare for the purchase of food. We will try to accommodate smaller additions until December 31, 2013. If the weather is bad, we have an alternate reservation date of January 18, 2014. It will be announced by email and repeater if the date has been moved due to bad weather otherwise it is January 11, 2014.

2014 Dues Due

Dues for year 2014 are due Jan 1, 2014 and are \$15 for the first family member and \$7.50 for each additional family member or students. Dues can be paid at the December meeting or at the January 11th Annual Banquet. Others can be mailed to Gary WC8W, 6500 Highton SW, Navarre, Ohio 44662

Wish you well and God Bless

73 DE MIKE, WA8MKH

Ohio ARES Conference Nov 9, 2013

By Don Wade W8DEA

This is an overview from Matt Welch, W8DEC, ARRL OHIO Section Emergency Coordinator. He makes note of the MARC Club Trailer below. This was an all day conference started at 8 AM and ended at 5 PM. Terry, N8ATZ is Emergency Coordinator for Stark County and Don W8DEA is appointed as an Assistant EC for Terry for Stark County. **MARC Attendees were Terry, N8ATZ, Jim, WA8GXM, Ralph, K8HSQ, Bud WA8KWD, and Don, W8DEA.**

By Matthew Welch W8DEC

Amateur radio volunteers converged on Reynoldsburg, Ohio last Saturday to attend the 2013 All Ohio ARES Conference at the Ohio Fire Academy. Below is just a glimpse of what took place.

Many thanks to Steve Ewald WX1X from ARRL HQ for being our guest speaker and staying with us for the entire conference. Many thanks to Jim Weaver, Frank Piper, and ARRL for all your help and support.

This year's recipient of the Ross T. Stillsano KB8JTZ Memorial Award went to David Rickon NF8O, of Medina, Ohio in ARES District 6. Please join me in congratulating Dave by sending him an email to drickon@zoominternet.net.

I handed out awards to Stan Broadway N8BHL and Tim Price K8WFL for all their hard work on the Ohio ARES Resource System OARS. I also handed out a certificate of appreciation to Carl Gedeon KB8VXE, of Middleburg Heights, Ohio, for his continued strive for excellence not only in Cuyahoga County ARES but also the Ohio Section.

Many thanks to everyone who brought a go box or go kit! They were all impressive and I could tell right away how much time and effort was put into them. Speaking of go kits, I know there were not enough hard copies of Frank Sole's KB8YHD go kit list. I also know he had a sign up sheet for anyone who wanted one emailed to them. Well, I attached the sheet to this email for the benefit of everyone.

Many thanks to the Dayton Amateur Radio Association, Preble County ARES, **Massillon Amateur Radio Club**, Medina M2M, Stan Broadway and his Canned Ham, and Marion County ARES for bringing and setting up your **communications truck and/or trailer**. That is the first time I have seen so many setup at one time in the Ohio Section other than Hamvention.

Many thanks to what I call the Beverage Establishment Strike Team or BEST for providing all the coffee, hot apple cider, hot cocoa, and all the necessary supplies throughout the day. I thank you very much for making sure the people were taken care of.

VE Testing results...6 new Technicians! 3 more upgraded to General Class. Congratulations everyone. Many thanks to Muskingum County EC Kathleen KB3RDR and her team of VE's for making this happen again this year!

As I mentioned at the conference, the Ohio Fire Academy is a great facility. But considering we were imminently close of maxing out capacity, I am exploring alternate venues such as Ohio State University. I have a lead in that direction which will be pursued after the first of the year.

Ladies and gentlemen, I cannot thank you enough for your participation and support in the best All Ohio ARES Conference I have ever attended. After going through the cancellations, 139 volunteers registered online. Drum roll please...we had 145 people sign in! That's an approximate 40% increase over last year!

This conference made history. History that I am glad to be a part of. I am so looking forward to next year.

73 de Matt W8DEC

ARRL - The national association for AMATEUR RADIO

KB6NU COLUMN

Should the FCC allow encryption?

One of the most fundamental rules in amateur radio has been the prohibition against the use of codes or ciphers meant to obscure the meaning of a message [Part 97.113 (4)]. Recently, that long-standing prohibition was challenged (<http://www.arrl.org/news/rules-change-sought-to-permit-encryption-of-sensitive-emergency-communications>) to allow encryption when passing emergency health and welfare traffic. The idea was that encrypting these messages would protect the privacy of individuals. In his Petition for Rulemaking (<http://apps.fcc.gov/ecfs/document/view?id=7022424684>), Don Rolph, AB1PH, pointed out that Australian amateur radio rules permit encryption for emergency services operation or related training exercises.

Oddly enough, the pushback against this petition has been loud and swift. The ARRL quickly came out against the petition (<http://www.arrl.org/news/arrl-urges-denial-of-petition-to-permit-encryption-of-some-emergency-communications>), and when I blogged about this issue (<http://www.kb6nu.com/im-jumping-on-the-anti-encryption-bandwagon/>), several hams replied that they didn't think allowing encryption was a good idea.

The main arguments against encryption seem to be that:

- * It will make people suspicious of amateur radio operators and bring unwanted scrutiny upon amateur radio.
- * Make self-policing more difficult.

Among the arguments for allowing encryption are that cryptography is a fundamental element of modern RF communications, and that not allowing it, negates one of the purpose of amateur radio. Namely, that one of the purposes of amateur radio is to advance the state of the radio art.

In late September, the FCC dismissed this particular Petition for Rulemaking (<http://www.arrl.org/news/fcc-dismisses-encryption-petition>). It stated specifically that the record does not support Mr Rolph's assertion that the prohibition on encrypted amateur communications is impairing the ability of the Amateur Radio community to provide effective support to public safety agencies during emergencies.

Of course, this discussion isn't over yet. Encryption is now employed routinely for even the most common types of digital communication, and as a newer generation of amateur radio operators take over, they'll want to experiment with these digital communications techniques. One commenter suggested that a portion of the 900 MHz band or maybe the 5 GHz band be set aside for experimentation with encryption. I think that is an idea worth exploring.

What do you think? Does encryption have a place in amateur radio?

=====

When he's not pondering FCC rules, Dan, KB6NU enjoys working CW on the HF bands and teaching ham radio classes. For more information about his operating activities and his "No-Nonsense" series of amateur radio license study guides, go to KB6NU.Com or e-mail cwgeek@kb6nu.com.

IN SYMPATHY

DR IGOR F NIKISHIN

Dr. Nikishin passed away on October 12, 2013 in Naples Florida at the age of 95 years. He was born on Christmas day in Charkov, Russia to Dr. Fedor and Maria Nikishin. In his early years he earned the designation of Eagle Scout of which he was very proud. He began his formal education in Czechoslovakia at the French Lyceum. His initial medical education was at the Czech Charles University in Prague and he continued at the German Charles University. He then furthered his education at the University of Göttingen in Germany. During World War II he was in the British Armed Forces serving as a physician. In 1949 Dr Nikishin, his wife and daughter (Nina) immigrated to the United States through Ellis Island and settled in Hagerstown Md. The family then moved to Canton Ohio after the Dr received an internship and residency at Aultman Hospital, he then became the Director of Surgery. Later in life he became Professor of Anatomy at North Ohio Universities, College of Medicine, now named Northeast Ohio Medical University. Dr. Nikishin enjoyed classical music. He played the piano and a guitar. He supported the Canton Symphony and he served as President of the Symphony Board of Directors. For a number of years he was the Choir Director of the St. Haralambos Greek Orthodox Church and at St. George Serbian Orthodox Church. During the sixties he was the team Physician at Canton South High School . He took many trips to Honduras, Haiti, and Alaska. Dr. Nikishin is survived by his wife Aysa of Naples Florida; his daughter Nina and her husband David of Brookfield Conn.; his son Michael Nikishin of Pittsburg Pa.; son Igor and Stephanie Nikishin of Canton, Oh. He is also survive by 9 Grandchildren He was preceded in death by Lydia Nikishin and their son, Alexander.

The members of the Massillon Amateur Radio Club wish to extend their most sincere Sympathy to Igor (K8INN and KD8RDN) and Stephanie Nikishin and their Family.

(This obituary was Published in the Canton Repository on November 10, 2013)

I'm glad to report another successful public service event with very few problems thanks to our communications and parade skills. Over 46 years and counting Santa has arrived in the city in no small part thanks to the MARC.

... WEBSITE STATS ...

Again this year the club's website was a popular place with over 2,000 visits during the year, an increase of nearly 2 percent. This equals about 10 visits a day to the site which tells us that it continues to be a good source of information to the club and beyond. Maintaining the site continues to be an ongoing challenge with several hours devoted each week adding new material, removing old and archiving material and general maintenance. Our hosting service has continued to perform well with no site downtime reported this year as well as providing us with nearly unlimited storage space and bandwidth. Currently the site is about 300 MB in size including the many graphics, pictures and archive of newsletters that stretch back to 2000.

Don't forget the clubs Facebook page is always available where everyone, member or not can post items if interest or comment on club activities. Let us know how well you liked a recent program or event. We continue to see some activity on the club's Twitter feed as well. Social Media continues to be a positive impact on club popularity. (www.w8np.org)

As I put the finishing touches on my last column for 2013, I would like to take this opportunity to wish you all a very Happy Holiday season. Also a thank you to the club officers for their solid leadership this year and to the membership for their continued support of our great organization. We enjoyed fun meetings and many great programs again this year and I look forward to 2014 !

Very soon I will once again activate the Holiday Page on the club website. Again this year I found some fun new items to post including more holiday music, video's, gift ideas, great holiday food recipes and some neat Christmas gifts that any ham would like to see under the tree. (cont page 8)

The Holiday Page is our gift to you, the members of the club and the many friends and visitors who regularly visit each holiday season.

Happy Holiday's to you and yours and I hope to see many of you at our January banquet !

73's
Terry - N8ATZ

The Annual Christmas Parade.

HO HO HO....said the jolly fellow in the red suit.....

Another year, another good Public Service communications event for MARC. In fact, this is our most visible service of the year. Visible to the Parade entrants, for sure. Visible to the Parade watching public in the form of our decorated ECOM trailer.

This year we shifted frequency to our Affinity (Massillon) Hospital UHF repeater 442.85. In the past we have stayed with 2 meter simplex 145.62 since everyone has had 2 meter HTs for years. This year we figured that, since most hams today have a dual-band HT, we could revert to the closest repeater and have solid signals all the way. I did have some spare 70 cm HTs for those who did not have them.

Since our UHF repeater has generally been unused in recent years, and not having had a good routine maintenance session in that time, it was crucial that we pay a visit to the the "hard to get to" 4th floor elevator penthouse of the Hospital where it resides. After a good tune-up and resetting RX and TX frequencies, it was back to normal but without it's RF pre-amp. Since the preamp was zorched in past years by the high UHF RF levels atop the hospital, which are still there, it was decided to leave the preamp off until we can fabricate a sharp front-end filter for it. But, even without it, the sensitivity was almost 2uV, which would be adequate for HTs from 1/4 to 1 mile away.

In actuality it was solid for the most part, but some folks had marginal signals into it. Capt. Joe, WD8BGW, had problems inside the TV trailer downtown and had to retreat to open air to communicate. Some others may have had their HTs on their belts which tends to detune the "rubber duckies." But all in all, it was as good or better than our typical experience on 2M simplex. Sometime in the near future the 442.85 preamp will be reinstalled and operation will be much improved.

Helpers this year:

The * shows those who did two jobs: Staging and Marshalling. 18 total. (Short handed only by 4)

*Bud WA8KWD, *Steve KD8ACF, *Igor K8INN, *Bill K D8LCS, Don W8DEA, Dan N8DZM, Wade WD8MIU, Bill KD6TKX, Gary WC8W, Jim WA8GXM, Dale KB8L WP, Tom KC8QOD, Anne N8GAF, Joe WD8BGW, Robin N8EBS, Terry N8ATZ, Russ N8PIL, and Perry W8AU, with 3 days of paperwork prior to event (whew)

Now for the commentary....:-)

The Parade function is a little different than the normal ham volunteer effort. Normally if we are personally unable to volunteer for a

public service activity, it still goes on without us. In this case, our Parade involvement 45 years ago started from our initial work as "shadowers" of parade sponsors who put the parade together, since we had the radio capability. As sponsors died away (Jaycees and others) we offered to do the work ourselves since we already had the experience.

So now we are in the position of serious responsibility for the continuation of the parade. Without us it will not take place. If we were

paid employees doing this function, there would be no problem with staffing. But we are volunteers - and that's where we have to realize this activity is serious enough that we have a dedicated annual crew to call upon.

We have that now, to a degree, with the same folks doing their same job each year, making up about 40% of the crew. Next year we'll

start parade promotion sometime during the summer to avoid that "last minute rush!" ;-)

Of course we know that there will always be personal situations occurring that will cause some to miss. But getting substitutes will be much easier.

On the other extreme, if we don't do the job, who will? CBers? :-[(that ought to stir up the adrenalin... :-))

Have a good Christmas season, and may Santa compensate us by dropping some RF presents under our trees....

Perry w8au
